

# @lgood

Pull handles

# sembra @ allgood

The main design principle of Sembla is the central node; the component which makes the physical connection to the door.

Around the node a choice of pulls, grips and tips may be selected, allowing the specifier the opportunity to choose the detail that most suits their aesthetic requirement.

The Sembla range is available in various finishes, providing a wide choice of aesthetic options. To select the product in the finish that you require, just add the finish prefix to the part number of the item.

If you would like to substitute the standard grip and tip to one of the alternative, please add the grip suffix to the end of the product number.

**ST**  
Satin Stainless Steel.

**SP**  
Polished Stainless Steel.

**KT**  
Knurled Satin Stainless Steel grip and tip.

**LT**  
Light Wood grip and tip.  
Sourced from a FSC (Forest Stewardship Council) sustainable approved source, Light Wood grips are made from beech timber.

**MA**  
Modric Anodised Aluminium.

**DT**  
Dark Wood grip and tip.  
Sourced from a FSC (Forest Stewardship Council) sustainable approved source, Dark Wood grips are made from beech timber with a rich mahogany stain.

**ST**  
Soft Touch grip and tip.  
Soft Touch Sembla is a polyurethane based black coating with excellent durability. The finish gives the visual effect of low gloss with a soft feel, providing a tactile gripping experience.  
Alternative colours available on request.

**LE**  
Leather grip and tip.  
Leather Sembla can provide an interior with a continuation of a soft furnishing theme and provide a warm and luxurious grip.

# modric @ allgood

The Modric range of door furniture was conceived in 1965 on the basis of a dimensionally and aesthetically co-ordinated range of items to allow maximum interchangeability.

The principle of modular unsprung components was revolutionary and Modric soon became a design classic.

Through continuous development to the range, Modric today represents a timeless, clean-cut range of door furniture available in a number of metallic finishes. Products are hand finished to provide the very best quality available. Modric is known for fine design and extraordinary durability.

SS  
Satin Stainless Steel.

PS  
Polished Stainless Steel.
